¹ 30 minutes free blocking time on FLEX vehicles

Once you've located a FLEX vehicle using our mobile app, you can block it free of charge for up to 30 minutes, giving you time to reach it. You can block the same vehicle one additional time if you do not access it within the first 30 minutes.

² 20 minutes credit if you are refueling a FLEX vehicle

A time credit of 20 minutes will be applied for any trip of an hour or less billed at the FLEX vehicle rate if it costs at least \$20 (taxes included) to fill up the tank.

In the case of a trip of less than 20 minutes, the maximum credit will be equivalent to the length of the trip.

³ Up to 15 minutes to clear snow on a FLEX vehicle

During winter, a credit of up to 15 minutes is applied to your trip for snow removal. Your billed trip time will begin when you start driving, or 15 minutes after you unlock the vehicle, whichever comes first.

The snow removal credit is applied regardless of the weather. If you use more than one FLEX vehicle in a day, the credit applies to each vehicle used. If you happen to use the same vehicle again during the day, the credit will only apply once.

The goal of this policy is to give you the best value by only charging you for the time you use the vehicle.

⁴ Access to FLEX vehicles at your Value plan rates when more economical

This extraordinary perk is exclusive to Value plans members. If cheaper, any trip made with a FLEX vehicle will automatically be charged at the most economical rate (cost of 35¢/min, \$14/hr, etc. compared to the cost of the same trip calculated at the rates of your Value plan). This comparison will be made no matter the duration of the trip, however a minimum of 4 hours will be charged if Value plan rates are applied (i.e \$2.95 x 4 = \$11.80 on Value Extra plan).

Here is an example, using Value Extra plan rates:

- If you use a FLEX car for 2 hours and drive 20km, you will be charged only \$16.80 (\$2.95/hr x 4 + 25¢/km X 20). The Open Plus FLEX rate would have been \$28 (\$14/hr x 2).
- The benefit is even greater if you keep the vehicle longer. For example, for 3 hours/20km, the price for the trip remains \$16.80, versus \$42 (\$14/hr x 3).

Try out your own scenarios and see how much you can save with this advantageous feature of the Value plans.

Damage Protection Plans Options

Cost per driver	Damage Fee (per event)*
\$1 per trip	\$600
\$6 per month	\$300
\$8 per month	\$0

* Liabile or not.

All monthly Damage Protection Plan options, except for the default (\$600 Damage Fee for \$1 per trip), are a minimum 12 month commitment. You can reduce these costs by taking advantage of the protection offered by the credit card you use to pay your invoices if it includes collision loss damage insurance (cost per driver falls then to \$2 per month, and there is no monthly commitment). Requires a signed [Damage Protection Plan Waiver](#) (see online for more info).
